

# THE ARUBA NIGHTS

**No Flip / Single-Sided Design**

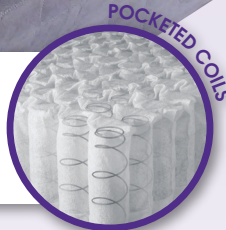

Eliminates the hassle involved with flipping a two-sided mattress.

**25 YEAR WARRANTY**  
AGAINST DEFECTS IN MANUFACTURING

More "motion separation" than a conventional spring unit. This design allows each spring to quickly respond to the movement and contours of your body.

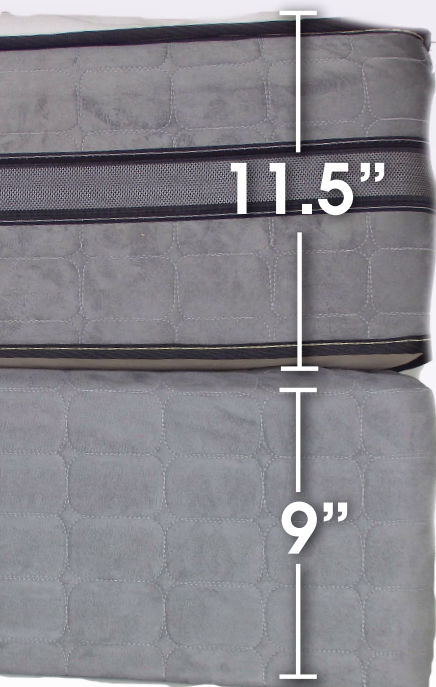

A conducive material that reduces heat by pulling it away from the body, so you stay cooler at night. It has a higher support factor than regular memory foam.

Softens the material and creates a natural anti-bacterial shield

Provides full perimeter reinforcement with high density foam, making this mattress more durable. Increases usable sleep space by up to 20%.

*Rest Assured.*
