

# THE AVALON

## No Flip / Single-Sided Design

*Eliminates the hassle involved with flipping a two-sided mattress.*

The "Avalon" was designed with Boutique Hotels in mind. This 13" thick, no flip pillowtop mattress will ensure that your guests feel indulged. The stretch knit cover is quilted to multiple comfort layers for unparalleled richness and a luxurious sleeping surface.

FLEX FOAM

Two inch thick, soft flex foam adds extra comfort and support to this entire mattress.

POCKETED COILS

More "motion separation" than a conventional spring unit. This design allows each spring to quickly respond to the movement and contours of your body.

Provides full perimeter reinforcement with high density foam, making this mattress more durable. Increases usable sleep space by up to 20%.

FOAM ENCASED UNIT

*Rest Assured.*
