

THE DEL MAR

Flippable / Two-Sided Design

Adds to the life of your mattress, giving you a fresh start with a comfortable sleeping surface.

Luxury meets firm support in this double sided, 10" thick pillowtop mattress. The stretch knit cover is quilted with a tack n' jump design for a lofty sleeping surface. Interior insulator pad prevents cupping of padding and adds durability and overall support.

The industry standard, years of reliability. Innersprings sleep up to 28% cooler than foam.

Steel edge supports offer edge to edge comfort ensuring the mattress retains its shape, preventing breakdown.

Rest Assured.
