

THE ECLIPSE

No Flip / Single-Sided Plush

Hybrid technology pairs two types of memory foam with innerspring construction encased in foam for adaptive support. Waterfall cover/microsuede border.

10 YEAR WARRANTY
AGAINST DEFECTS IN MANUFACTURING

VISCO MEMORY FOAM

Visco-elastic memory foam contours to the body and relieves pressure points.

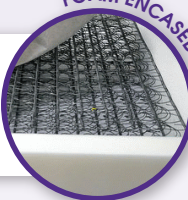

GEL VISCO MEMORY FOAM

A conducive material that reduces heat by pulling it away from the body, so you stay cooler at night. It has a higher support factor than regular memory foam.

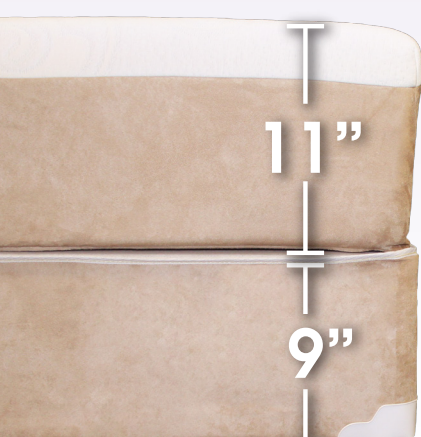

FOAM ENCASED UNIT

Provides full perimeter reinforcement with high density foam making this mattress more durable. Increases usable sleep space by up to 20%.

336 SPRING UNIT

The industry standard, it offers years of reliability. Innersprings allow you to sleep up to 28% cooler than foam.
